

Job Description

Job Title:	Economic Analyst
Reports to:	CEO
Date created:	June 17, 2022

About 3+ Corporation

3+ Economic Development Corporation is the regional economic development organization for the municipalities of Dieppe, Moncton, and Riverview, New Brunswick. 3+ is funded by the three municipalities, provincial/federal government, and businesses in the private sector as members of our Driving Force. Working in close collaboration with its partners (public, private and not-for-profit sectors), 3+ Corporation leads the region’s delivery of future-focused programs which energetically advance sustainable economic growth for the tri-communities.

3+ Corporation help to grow the region’s economy through the following services:

- Entrepreneurship and Business start-up
- Workforce Development
- Promotion of Greater Moncton

While acting as a facilitator between other regional, provincial, and federal agencies, this helps maintain the growth of the region’s economy, increase the number and success rate of the region’s start-ups, provide a streamlined point of contact for business services and ensure greater partnership from government and the private sector.

Job Overview

The Economic Analyst will support the Workforce Development Team to provide timely and relevant labour market information data for the Southeast Labour Market Partnership (SLMP). You will work strategically in partnership with a wide range of governmental stakeholders, including WorkingNB, ONB, ACOA, secondary and post-secondary institutions, industry associations, employers and other private and public sector representatives.

This position is aligned with the priorities identified in the Greater Moncton Regional Workforce Strategy 2020-2025 and the Southeast Labour Market Partnership’s goal of building a strong talent pipeline that will continue to foster our region’s economic growth and prosperity.

Essential Responsibilities

- Research, monitor and analyse labour market economic data and information
- Design and conduct surveys and collect data
- Analyze data using mathematical models and statistical techniques
- Prepare reports, tables, and charts that present research results to partners and stakeholders monitor, interpret and forecast local economic and market trends
- Conduct Research on Labour Market Information (LMI)
- Analyze factors which determine economic growth (i.e. COVID 19, labour force participation, employment, wages, unemployment and other labour market outcomes)

Qualifications and Experience

Qualifications and Experience:

- Master's Degree in Economics or demonstrable equivalent
- Interested in economic development
- Confident and able to work independently
- Strong technical writer and researcher
- Effective communicator with strong interpersonal skills
- Familiarity with research and reporting methods
- Graphic Design abilities
- Proficiency in data mining and "big data" manipulation and analysis

Language:

The position requires competence in English and French. ***Please state your language capability.***

Application procedure

Please send your resume and cover letter by email in PDF format to info@3plus.ca, including "**Economic Analyst**" in the subject line. Please note that only candidates selected for further consideration will be contacted.
